MAKING VISIONS A REALITY

DATA SHEET - AL-3528-60-XX

Ambience Lighting LED Tapes

When entering a bar, restaurant, hotel, or entertainment venue, store or entertainment venue, lighting is one of the key elements that makes your visit memorable. Our full range of LED tapes are designed and manufactured for the "Professional" installer and are used and specified in some of the most prestigious projects across the world. We pride ourselves on quality!

All the "AMBI-LIGHT" range of LED tapes supplied by Ambience Lighting only use professional grade LED's and are colour matched with every chip colour binned so that every reel is an identical colour.

Cutting & Tailing Service

If you would like us to cut and tail the LED tape to the lengths you require, we professionally solder the tails to the LED tape, and package the order in relevant sections, sections, just let us know.

PRODUCT CODE	COLOUR	PRODUCT SPECIFICATION
